1.       Manufacturer:       Southland Distribution & Sales         2.       Name       Clean and Clear         3.       Product use :       For use with dental evacuation systems.         4.       Toxicity       : No hazardous components. Not a controlled product.         5.       Formula :       A proprietary live-enzyme cleanser.         6.       Transportation :       DOT Category - Non-Hazardous         7.       24-Hour Emergency:       Chemtrec (800) 424-9300         8.       Technical Information :       Southland Distribution & Sales (800) 880-0240         Section II = PHYSICAL/CHEMICAL DATA         1.       Physical State :       Liquid         2.       Appearance :       Blue color. Wintergreen odor.         3.       Specific Gravity :       1.0 (H_Qo=1)         4.       Vapor Density :       (Air = 1)         6.       Boiling Point :       200° F (closed cup)         9.       Melting Point :       Not Applicable         8. </th
